

Manager on Duty

Kastrup, 10. november 2010

Som noget nyt kan vi introducere begrebet Manager on Duty.

Dette er en Manager, som i weekender og på helligdage vil have en vagttelefon, som kan benyttes, hvis der skulle opstå akutte situationer som påkræver hjælp fra en Manager.

Det er henholdsvis Operations Manager, Production Manager, Safety & Security Manager og Manager Bonded som på skift vil besvare denne vagttelefon.

Nummeret til vagttelefonen er: ved interne kald: 00 50 ved eksterne kald: 53 55 54 10

Samtidig skal vi informere om, at i tilfælde af Unit Managerens fravær er det henholdsvis Operations Manageren og Production Manageren som vil overtage det daglige ansvar.

As something new we can introduce the concept Manager on Duty.

This is a Manager, who during weekends and on holidays will answer a separate phone, which you can call if you have an emergency situation which requires help from a Manager.

Our Operations Manager, Production Manager, Safety & Security Manager and Manager Bonded will take turns in answering this phone.

The number is: when dialing internally: 00 50 when dialing externally: 53 55 54 10

At the same time we want to inform you that in case of the absence of the Unit Manager it is our Operations Manager and the Production Manager respectively who will take over the daily responsibility.

Med venlig hilsen / Yours sincerely,

Per Hansen
Unit Manager, Copenhagen
